

Patent No. 6,036,650

FIG. 1A

FIG. 1B

FIG. 2 is a schematic diagram of a circuit for determining the value of the function  $f(x)$  for a given value of  $x$ . The circuit includes a set of resistors  $R_0, R_1, R_2, R_3, R_4$  and a set of transistors  $T_0, T_1, T_2, T_3, T_4$ . The resistors are connected to a common point 250, and the transistors are connected to a common point 210. The circuit is used to determine the value of the function  $f(x)$  for a given value of  $x$ .
